At the Local Market: Fruit & Grocery Shopping

Scenario: Shopping for fresh tropical produce in a local Panamanian market. | **Objective:** Identify target fruit vocabulary and produce prices using authentic spoken exchanges.

1. KEY VOCABULARY WORD BANK (Stage 1: Warm-up & Modeling)

Pineapple <i>(fruit / noun)</i> "How much is the pineapple?"	Apple <i>(fruit / noun)</i> "The apples are one dollar each."	Banana <i>(fruit / noun)</i> "Can I have a banana, please?"
Mango <i>(fruit / noun)</i> "The sweet mango is two dollars."	Market <i>(location / noun)</i> "Welcome to our local market!"	Dollar <i>(currency / noun)</i> "It costs three dollars."

COMMUNICATIVE LANGUAGE FRAME (Target Structure)

Q: "How much is the pineapple / are the apples?"

A: "It is three dollars. / They are one dollar each."

Roleplay Exchange: *Can I have two bananas, please?* ■■■> *Yes, here you go!*

2. Activity 1: Listen & Circle (Phonological & Word Recognition)

Listen carefully as your teacher reads the market items. Circle each word you hear:

■ Pineapple	■ Apple	■ Banana	■ Mango	■ Market	■ Dollar
-------------	---------	----------	---------	----------	----------

3. Activity 2: Listen & Match (Items & Prices)

Listen to the audio statements. Draw a line to match each market item with its stated price:

[•] Pineapple		\$3.00 [•]
[•] Apples (x3)		\$1.00 [•]
[•] Mango		\$2.00 [•]
[•] Bananas (cluster)		\$0.50 [•]

4. Activity 3: Authentic Dialogue Cloze (Guided Roleplay)

Complete the market dialogue using the correct words from the Word Bank:

Seller:	Hello! Welcome to the market!
Buyer:	Good morning! How much is the [_____]?
Seller:	It is three [_____].
Buyer:	Great. And how much are the [_____]?
Seller:	They are one dollar each.
Buyer:	Can I have a sweet [_____], please?
Seller:	Yes, of course! Here you go.
Buyer:	Thank you very much!

5. Activity 4: Performance Production (Market Stall Task)

Draw 3 fruits on your market stall shelf and write their price tags in English (\$USD):

[DRAWING & WRITING PERFORMANCE AREA: Draw fruits on shelves and write price tags]

Teacher's Facilitation Guide & Spoken Audio Script

Essential script for listening activities and action-oriented classroom management:

Stage 1 (Warm-up & Word Bank)	Teacher points to flashcards: 'Repeat after me: Pineapple... Apple... Banana... Mango... Market... Dollar.'
Stage 2 (Language Frame Modeling)	Teacher models: 'Listen: How much is the pineapple? It is three dollars.' Have pairs repeat.
Stage 3 (Activity 1 Dictation)	Read clearly: 1. Pineapple, 2. Banana, 3. Market, 4. Dollar. Check circles.
Stage 4 (Activity 2 Match Dictation)	Sentence 1: 'The pineapple is three dollars.' Sentence 2: 'The mango is two dollars.' Sentence 3: 'The apples are one dollar.'

FORMATIVE EVALUATION RUBRIC (MEDUCA AOA Standards)

Pedagogical Criterion	Independent (3 pts)	With Support (2 pts)	Emerging (1 pt)
Vocabulary Recognition & Pronunciation	Correctly identifies, circles and pronounces all 6 target fruits and currency terms without prompting.	Identifies 4-5 items with occasional teacher modeling or phonetic prompts.	Identifies fewer than 3 items; requires direct repetition and one-on-one visual cues.
Interactive Dialogue & Language Frame	Asks and answers price questions fluently using the target pattern ('How much is... / It is...').	Participates in the dialogue with pauses or minor grammatical adjustments.	Requires continuous translation or sentence starters to formulate basic exchanges.
Task Performance (Market Simulation)	Successfully completes the stall drawing and associates correct English labels and numeric prices.	Completes the drawing and labeling with peer or teacher guidance.	Incomplete stall task; struggles to link price tags with target vocabulary.

Teacher Observations & Differentiated Support Notes:
