

# REPÚBLICA DE PANAMÁ · MINISTERIO DE EDUCACIÓN (MEDUCA)

## AOA Action Learning Lab: "Shopping at the Market"

Lesson #1 · 45-60 min  
Skill: LISTENING  
Grade: 4th Grade (CEFR A1.2)

Theme 1: "How Much Is the Pineapple?" · Receptive Auditory Input, Sound Modeling & Gist/Detail Tasks

|                     |             |                                                      |
|---------------------|-------------|------------------------------------------------------|
| Student Name: _____ | Date: _____ | Listening Score: [ ] Excellent [ ] Good [ ] Practice |
|---------------------|-------------|------------------------------------------------------|

### STAGE 1: WARM-UP & MODELING (Engagement & Clarification)

Teacher Audio Script & Modeling: The teacher shows the market items and pronounces target vocabulary clearly: pineapple, apple, banana, mango, watermelon, market, how much, dollar, please, thank you.

|                                                                                   |                                                                                   |                                                                                   |                                                                                     |                                                                                     |
|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|
|  |  |  |  |  |
| 1. PINEAPPLE<br>"Pineapple"                                                       | 2. APPLE<br>"Apples"                                                              | 3. BANANA<br>"Banana"                                                             | 4. MANGO<br>"Mango"                                                                 | 5. WATERMELON<br>"Watermelon"                                                       |

Auditory Concept Checking (CCQs):

1. Teacher points to apple: "Is this an apple or a banana?" —> Student responds: "An apple!"
2. Teacher mimes money: "Do we ask 'how much' for color or for price?" —> Student responds: "For price!"

### STAGE 2: PRESENTATION (Input: Authentic Audio Dialogue "At the Market")

Teacher Script: Read aloud twice clearly and with voice acting (or play the recorded audio clip):

|                                                                                    |                                            |
|------------------------------------------------------------------------------------|--------------------------------------------|
|    | Seller: Hello! Welcome to the market!      |
|   | Buyer: Hello! How much is the pineapple?   |
|  | Seller: It's three dollars (\$3.00).       |
|  | Buyer: Okay. And the apples?               |
|  | Seller: They are one dollar each (\$1.00). |
|  | Buyer: Hmm. Can I have a banana, please?   |
|  | Seller: Yes, here you go.                  |
|  | Buyer: Thank you!                          |

Task 2.1 · Gist Listening: What is the general topic of the dialogue?

[ ] A. Playing at the park [ ] B. Buying fruits at the market (Correct!) [ ] C. School homework

Task 2.2 · Specific Detail Check: Did the buyer ask for an apple or a pineapple first? —> Answer: [ \_\_\_\_\_ ]

Who said 'Thank you!' at the end? —> ( Circle: Buyer / Seller )

Activity 3.1 · Listen & Circle: Listen to the audio dialogue again. Circle ONLY the 6 words you actually hear in the conversation:

|                                       |                                        |                                      |                                     |
|---------------------------------------|----------------------------------------|--------------------------------------|-------------------------------------|
| <input type="checkbox"/> 1. PINEAPPLE | <input type="checkbox"/> 2. POTATOES   | <input type="checkbox"/> 3. BANANA   | <input type="checkbox"/> 4. BREAD   |
| <input type="checkbox"/> 5. HOW MUCH  | <input type="checkbox"/> 6. WATERMELON | <input type="checkbox"/> 7. APPLES   | <input type="checkbox"/> 8. CARROT  |
| <input type="checkbox"/> 9. DOLLAR    | <input type="checkbox"/> 10. PLEASE    | <input type="checkbox"/> 11. CASSAVA | <input type="checkbox"/> 12. MARKET |

Activity 3.2 · Listen & Match (Price Discrimination): Your teacher will read each price statement. Draw a line from each fruit to its correct price card:

|                                                                                  |                                           |   |                                                  |
|----------------------------------------------------------------------------------|-------------------------------------------|---|--------------------------------------------------|
|  | 1. Pineapple<br>"The pineapple is \$3."   | → | <input type="checkbox"/> \$1.00<br>One dollar    |
|  | 2. Apples<br>"The apples are \$1 each."   | → | <input type="checkbox"/> \$2.00<br>Two dollars   |
|  | 3. Mango<br>"The mango is \$2."           | → | <input type="checkbox"/> \$3.00<br>Three dollars |
|  | 4. Watermelon<br>"The watermelon is \$5." | → | <input type="checkbox"/> \$4.00<br>Four dollars  |
|  | 5. Banana<br>"The banana is \$1."         | → | <input type="checkbox"/> \$5.00<br>Five dollars  |

Activity 3.3 · Listen & Point (Auditory Speed Challenge):

Game Rules: Teacher calls out words or phrases randomly ("watermelon!" / "three dollars!" / "how much!"). Students race to point to the correct picture card on their desks. Score 1 star for every correct instant point!

Differentiation Strategies (In-Class Support):

- Struggling Learners: Pre-match one example (\$1 for apples) and play the audio segmented with pauses.
- Advanced Learners: Write the numerical price from memory without looking at options.

**STAGE 4: PERFORMANCE · "SHOPPING LIST DRAWING" (Action Task)**

Auditory Action Mission: Pretend you are listening to a friend dictating a market shopping list. Listen carefully and draw the items inside your market stall template, writing the price you hear next to each:

|                                                                                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                    |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>Dictation Script Spoken by Teacher:</p> <ol style="list-style-type: none"> <li>1. "At the market, please buy one pineapple. It costs three dollars."</li> <li>2. "Also, buy two apples. They are one dollar each."</li> <li>3. "And one mango. It's two dollars."</li> <li>4. "Finally, a banana. Thank you!"</li> </ol> | <p><b>MY MARKET STALL DRAWING TEMPLATE</b></p> <p>[ Draw Fruit 1 + Price: \$ ____ ]</p> <p>[ Draw Fruit 2 + Price: \$ ____ ]</p> <p>[ Draw Fruit 3 + Price: \$ ____ ]</p> <p>[ Draw Fruit 4 + Price: \$ ____ ]</p> |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

**STAGE 5: FORMATIVE ASSESSMENT · "MARKET QUIZ: LISTEN & CHECK"**

Teacher reads a new short audio clip. Answer the questions based strictly on what you hear:

|                                                                                                                                                                              |                                                                                                                                                                   |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>Question A: Did the buyer ask for an apple or a mango?</p> <p><input type="checkbox"/> Apple      <input type="checkbox"/> Mango</p>                                      | <p>Evaluation Criteria:</p> <p><input type="checkbox"/> Identifies target fruits accurately</p> <p><input type="checkbox"/> Comprehends stated dollar amounts</p> |
| <p>Question B: "The watermelon is five dollars."</p> <p><input type="checkbox"/> TRUE (YES)      <input type="checkbox"/> FALSE (NO)</p>                                     | <p><b>Score: ____ / 3 points</b></p> <p><b>Competence: Demonstrated <input type="checkbox"/></b></p>                                                              |
| <p>Question C: How much is the banana in the new audio?</p> <p><input type="checkbox"/> \$1.00      <input type="checkbox"/> \$2.00      <input type="checkbox"/> \$3.00</p> | <p>Teacher Feedback:</p> <p>_____</p>                                                                                                                             |

**STAGE 6: STUDENT REFLECTION & HOMEWORK (Metacognition)**

|                                                                                                                                                                                                                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                                                                                                |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>Student Self-Reflection:</p> <ol style="list-style-type: none"> <li>1. What new words about the market did you learn to listen to today?</li> </ol> <p>_____</p> <ol style="list-style-type: none"> <li>2. What was easy to listen to? <input type="checkbox"/> Fruit names      <input type="checkbox"/> Prices/Dollars      <input type="checkbox"/> Polite words</li> <li>3. What was a little difficult for your ears today?</li> </ol> <p>_____</p> | <p>Homework Assignment:</p> <ol style="list-style-type: none"> <li>1. Draw your favorite fruit from today's lesson at home and write its name.</li> <li>2. Listen to a simple English song about fruits and spot 2 words!</li> </ol> <p>Next Lesson Preview:</p> <p>"Next time, we will READ about the market and fruits!"</p> |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
