

4

Scenario 1: A Walk in the Neighborhood

Themes: 1 This Is My Favorite. 2 It's the Best!

Standards and Learning Outcomes

	General Standards	Specific Standards	Learning Outcomes
 Listening	Can get the gist and the main points of simple conversations when spoken slowly and clearly.	Receptive: Identify the main points of talks on familiar matters. Interactive: Respond to questions about familiar topics.	→ Can listen and identify main points in talks about favorite places in the neighborhood (e.g., "The park has swings."). → Can respond to questions about familiar places (e.g., "What is your favorite place?" "My favorite place is the park."). → Can listen to and recognize the main points people share about places they like (e.g., "I like the store. It has toys.").
 Reading	Can extract general and specific information from short texts when they are supported with pictures.	Reading: Outline key information in simple factual texts on familiar subjects. Reading: Comprehend instructions for classroom projects and crafts. Phonemic Awareness: Decode English graphemes and phonemes using knowledge of word parts, syllabification, and phonemic awareness.	→ Can read and outline key information about places in the neighborhood in short texts using superlatives (e.g., "The library is the best place to read."). → Can comprehend instructions and highlight phrases describing familiar places for a classroom project (e.g., "The park has swings."). → Can blend spoken onsets and rhymes to form one-syllable and two-syllable words (e.g., /b/ and /t/ in "big" and /b/ /t/ /g/ /ə/ in bigger).
 Speaking	Can describe basic events, personal experiences, feelings and opinions.	Productive: Describe a current personal experience in detail in a logical sequence. Interactive: Engage in simple exchanges about personal interests.	→ Can describe a current personal experience related to familiar places in sequence when sharing with peers (e.g., "I am at the park, and I see trees."). → Can engage in simple exchanges about personal interests and listen to peers' preferences (e.g., "I like the park because it is fun. What do you like?"). → Can express opinions about a familiar place (e.g., "The park is the best because it has swings.").
 Writing	Can write short texts on familiar topics, such as messages, instructions, or summaries, with clear organization and basic detail.	Productive: Write simple sentences on familiar topics. Interactive: Edit classmates' written work.	→ Can write simple sentences about favorite places (e.g., "The park is fun."). → Can edit classmates' sentences about familiar places for clarity (e.g., change "fun park" to "The park is fun."). → Can revise sentences to add reasons using "because" (e.g., "I like the park because it has swings.").
 Mediation	Can facilitate the communication process for peers, such as turn-taking.	Text: Interpret simple school notices. Communication: Facilitate a simple discussion among classmates.	→ Can interpret simple school notices using gestures to indicate main ideas (e.g., "The notice says there's a park trip." and points to a park picture). → Can help facilitate a discussion on favorite places in the neighborhood by asking simple questions and using visual aids (e.g., "What do you like at the park?" while showing a picture of a playground or pointing to a specific part of the map). → Can guide classmates in expressing opinions about neighborhood places by using gestures (e.g., points to school and says, "This school is the best.").

Communicative Competences

Linguistic Competences

Recommended Grammatical Features

1. Present simple + 's' (e.g., "How often does María water the plants?" "María waters the plants every day.")
2. Demonstratives (e.g., "These are tomatoes, and this is a tomato plant.")
3. Question forms (e.g., "How often do you water the plants?" "Do you like watering the plants?")

Recommended Vocabulary

Nouns: garden, plant, tomato, seed, soil, watering can, flower, vegetable, sunlight, hose, rainwater
Verbs: grow, water, plant, harvest, bloom, care, dig, need, put, add, cover
Adjectives: green, bright, healthy, quick, tall
Adverbs of frequency and time expressions: every day, sometimes, always, in the morning
Sequence words: first, second

Pronunciation

Pronunciation: /t/ in "tomatoes" and /g/ in "grow"
Phonemic awareness: Spelling one-syllable or two-syllable words using alphabet knowledge related to gardening (e.g., "water," "sun," and "soil")

Pragmatic Competences

Describing gardening steps: "First, plant the seeds."
Describing routines: "I water the plants every day."
Expressing preferences: like, don't like (e.g., "I like watering the plants, but I don't like digging.")
Discourse markers: and, but (e.g., "We water the plants every morning, and they grow quickly."
 "These tomatoes are small, but they are very tasty.")

Sociolinguistic Competences

Describing simple gardening instructions: Using conjunctions to describe gardening tasks (e.g., "You dig a hole, plant the seed, and water the plant.")

Assessment Ideas

21st-Century Project Ideas & Overview

- Project 1: Garden Growth Chart**
Overview: Students describe plant growth using "this/that" and verbs such as "dig," "plant," "water," "grow".
- Project 2: Step-by-Step Planting Guide**
Overview: Students create a planting guide with simple gardening steps.
- Project 3: Gardening Video Tutorial**
Overview: Students film a simple video tutorial on planting seeds, describing the process step by step.

Skills & Technology Integration

Skills:

- Sequencing for critical thinking:** Describing the basic steps of gardening.
- Communication:** Describing simple gardening tasks using the present simple tense with 's' (e.g., "He waters the plants every day.")

Technology Integration:

- Use a video recording app for the tutorial and a plant growth tracking app.

Themes: 1 The Tomatoes Grow Quickly.

2 These Plants Are from Panama.

Standards and Learning Outcomes

	General Standards	Specific Standards	Learning Outcomes
 Listening	Can get the gist and the main points of simple conversations when spoken slowly and clearly.	Receptive: Follow stories and descriptions about everyday experiences. Interactive: Participate in discussions about school events.	➔ Can follow simple stories and descriptions about planting and watering (e.g., "I water the plants every day"). ➔ Can participate in discussions about school garden tasks, answering simple questions based on oral information (e.g., "What do they grow in the garden?" "They grow tomatoes." "How often do they water the tomatoes?" "Every day."). ➔ Can get the gist of a conversation on caring for plants (e.g., "What time do they water the plants?" "In the morning.").
 Reading	Can extract general and specific information from short texts when they are supported with pictures.	Reading: Identify the main ideas and details in short narratives. Reading: Summarize simple stories or articles. Phonemic Awareness: Read regularly spelled one-syllable or two-syllable words represented by single letters.	➔ Can identify main ideas about gardening in short texts (e.g., "Tomatoes grow in the sun."). ➔ Can summarize details on how plants grow in short narratives (e.g., using a chart or Venn diagram to highlight key ideas from a story). ➔ Can read and spell basic one-syllable and two-syllable words related to gardening (e.g., "garden" or "leaf").
 Speaking	Can describe basic events, personal experiences, feelings and opinions.	Productive: Explain how to perform a simple task. Interactive: Engage in questions and answers about familiar subjects.	➔ Can describe and perform simple gardening tasks (e.g., "You dig a hole, plant the seed, and water the plant."). ➔ Can ask and answer questions about gardening when collaborating on a project (e.g., "How do you plant the tomatoes?" "You dig a hole, plant the seed, and water the plant."). ➔ Can ask and answer simple questions about their preferences related to gardening (e.g., "Do you like watering the plants?" "Yes, I like watering the plants, but I don't like digging.").
 Writing	Can write short texts on familiar topics, such as messages, instructions, or summaries, with clear organization and basic detail.	Productive: Express opinions about familiar topics in writing. Interactive: Write simple role plays or dialogues collaboratively.	➔ Can express opinions in writing about garden tasks in short sentences (e.g., "I like watering the plants, but I don't like digging."). ➔ Can write simple role plays or dialogues about garden tasks with classmates (e.g., "How do you plant the tomatoes?" "You dig a hole, plant the seed, and water the plant."). ➔ Can collaborate to revise dialogues for clarity (e.g., Add "water the plants" to the dialogue).
 Mediation	Can facilitate the communication process for peers, such as turn-taking.	Text: Simplify textbook content for peer study groups. Communication: Assist classmates in interpreting homework assignments.	➔ Can simplify textbook content on gardening topics by miming actions (e.g., mimes "grow" by pretending to reach up like a plant). ➔ Can assist classmates in understanding gardening homework by drawing simple shapes or plants (e.g., drawing a tomato plant and saying, "These are tomatoes, and this is a tomato plant."). ➔ Can clarify gardening terms for peers with simple gestures (e.g., mimics "watering a plant" when explaining the verb "to water").
